R&B World Jazz Funk

From China to the World

Canada's RC World presents a powerfully unique blend of R&B, world, jazz and funk music, mixing cultures, sounds, grooves, and instruments. Their dynamic performances travel from the ancient Chinese Tang court, to music of the Yao people of Southern China, to Longhouse dances of Northern Borneo, and echoes of Kenya with the island groove of the Caribbean and Pacific. Led by Chinese zheng legend Mei Han, RC World features Chinese TV's star vocalist ZiZi, Canadian extreme instrumentalist Randy Raine-Reusch, the African soul of Yoro Noukoussi, the deep bass grooves of Matt Reid, the funk of Downtown Richard Brown on drums, the soaring guitar of Cuyler Biller, and the master keys of Jonny Tobin.

From the Shanghai International Arts Festival to China's top TV shows and stages from Asia and around the globe, RC World brings a powerful new sound to the world scene.
